We understand intimate personal care includes 'hands-on physical care in personal hygiene, and physical presence or observation during such activities.' Intimate personal care is any activity such as feeding, oral care, washing, changing clothes, toileting, first aid and medical assistance, comforting and support, and supervising intimate self-care that is required to meet the personal needs of a child regularly or during a one-off incident.

We have a duty to safeguard children and school personnel at all times. We must develop independence in each child but on those occasions when children need assistance they must feel safe, have personal privacy, feel valued, are treated with dignity and respect, are involved and consulted about their own intimate care with school personnel that are specially trained in intimate care procedures.

We wish to work in close partnership with parents/carers and other professionals to ensure continuity of care for pupils.

We treat every child as an individual treating them gently and sensitively as possible in order not to cause any form of distress, embarrassment or pain.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.
