*Wishing all our families a
Happy and Holy Easter.*

Looking forward to seeing everyone again on the 19th April

MARVIN and MILO SCIENCE

DO TRY THIS AT HOME

Featuring: **Marvin and Milo**

Issue #12

Ahoy there me land lubbers! Today we are going to race my metal boat against Milo's ship.

To make a boat like mine, cut out this shape... out of the foil.

What you need: • Piece of foil • Scissors • Washing-up liquid • Sink or bath

Gently place your boat into a sink full of clean water.

IT MOVES!

Water molecules are attracted to each other, creating "surface tension". The soap disrupts the surface behind the boat but the molecules in front are still pulling together, so the boat is pulled forward.

Carefully place a drop of washing up liquid into the boat's hole.

© Institute of Physics

Well done to the children who took part in this month's Marvin and Milo's working scientifically at home.

Thank you to the school choir who have worked so hard this term and performed at Sts Peter and Paul's High School, the Brindley and also have been filmed to take part in a virtual choir performance with several schools from Warrington and Halton. We look forward to seeing this sometime next term.

Emily from year 3 and her big sister, Liv had a fab weekend delivering fruit to the DV refuge, Brennan Lodge and St Patrick's care homes.

The staff at St Patrick's and Halton View care homes said they would be delighted to receive letters or pictures from the children for the residents to display in their rooms. If any students would like to do this, Emily can collect the letters and pictures when we come back after the holidays and she will take them to the care homes when she visits again.

The Easter Raffle was a huge success with plenty of happy winners.

The total of £621 was raised which will go into the Fisher Friend Fund to benefit all the children.
